NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and basis of presentation

The accompanying financial statements include the accounts of Bally's Park Place, Inc., a New Jersey corporation (the "Company"), an indirect, wholly owned subsidiary of Harrah's Operating Company, Inc. ("HOC"). The Company owns and operates the casino hotel resort in Atlantic City, New Jersey known as "Bally's Atlantic City." The Company operates in one industry segment and all significant revenues arise from its casino and supporting hotel operations.

Prior to June 13, 2005, the company was 100% owned by Caesars Entertainment, Inc ("CEI"). On June 13, 2005, Harrah's Entertainment, Inc. ("Harrah's") completed the acquisition of 100 percent of the outstanding shares of CEI. Following the purchase, the Company became an indirect wholly-owned subsidiary of Harrah's.

In conjunction with the acquisition, total equity was adjusted to the purchase price assigned to the Company, retained earnings of the Company were eliminated and the assets and liabilities of the Company were adjusted to fair value with goodwill recorded for the excess of the purchase price over the fair value of the net tangible and intangible assets. Harrah's determined the estimated fair values based on independent appraisals, discounted cash flows, quoted market prices and estimates made by management. The purchase price allocation is in process and will be completed within one year of the acquisition; thus, the allocation of the price is subject to refinement. The following table summarizes the estimated fair value of the Company's assets acquired and liabilities assumed at the date of acquisition (in thousands):

Current assets	\$ 45,102
Land, buildings and equipment	673,542
Other assets	50,364
Due from affiliates (net)	151,573
Goodwill	303,907
Intangible assets	184,000
Total assets acquired	<u>\$ 1,408,488</u>
Current liabilities	\$ 55,353
Deferred income taxes	137,382
Other liabilities	1,787
Long-term debt	585,240
Total liabilities assumed	<u>\$ 779,762</u>

For purposes of this regulatory filing, adjustments to the historical assets of the Company were reflected on December 31, 2005 and in its statement of operations for the three months and twelve months ended December 31, 2005 and in its statement of cash flows for the twelve months ended December 31, 2005. The operations of the Company for the periods prior to January 1, 2005 and for the period from January 1, 2005 through June 13, 2005 are referred to in

these financial statements as the "Predecessor Company." The operations of the Company for the period from June 14, 2005 through December 31, 2005 are referred to in these financial statements as the "Company." The financial statements are required to represent a complete year of operations to satisfy regulatory requirements; however, accounting principles generally accepted in the United States require the results of the Predecessor Company's operations to be presented separately due to the different basis of accounting between the periods due to the acquisition on June 13, 2005. The Company's balance sheet, statements of income and statements of cash flow are not comparable to the Predecessor Company and are not presented here. For information on prior year, please refer to the Quarterly Report at December 31, 2004. The Company has assumed all Predecessor Companies obligations.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the amounts of revenue and expenses reported during the period. Actual results could differ from such estimates.

Revenue recognition and promotional allowances

Casino revenues represent the net revenue from gaming wins and losses. The revenues from hotel, food & beverage and from theater ticket sales are recognized at the time the related services are performed. The Statement of Income reflects operating revenues including the retail value of complimentary services (also known as promotional allowances), which are deducted on a separate line to arrive at net revenues. Promotional allowances are provided to casino patrons without charge.

Inventories

Inventories are stated at the lower of cost or market. Cost is determined using the weighted average cost method.

Property and equipment

Depreciation is provided on the straight-line basis over the estimated economic lives of the related assets. Depreciation expense was \$11,376 for the three months ended December 31, 2005; and \$45,652 for the twelve months ended December 31, 2005.

<u>Asset class</u>	<u>Life</u>
Land Improvements	12 years
Building and Improvements	30-40 years
Furniture, Fixtures and Equipment	3-10 years

Goodwill and Other Intangible Assets

In accordance with Statement of Financial Accounting Standards ("SFAS") No. 142, *Goodwill and Other Intangible Assets*, the Company performs at least an annual review of goodwill and non-amortizing intangibles. The purchase price allocation related to the Caesars acquisition is in

process and will be completed within one year of the acquisition; thus, the allocation of the purchase price is subject to refinement. The Company completed its annual assessment for impairment during the fourth quarter of 2005 and determined that goodwill and non-amortizing intangible assets had not been impaired. In accordance with the provisions of SFAS No. 142, the Company does not amortize goodwill.

The intangible assets include trademark totaling \$19 million and customer relationships (database) totaling \$165 million. The trademark has been determined to have a useful life of five years and the customer relationships have been determined to have a useful life of 17 years, and are being amortized using the straight-line method. Amortization expense for the period June 13, 2005 to December 31, 2005 was approximately \$7.3 million. Based on the value allocated to amortizing intangibles as of December 31, 2005 per the preliminary purchase price allocation, estimated annual amortization expense for each of the years ending December 31, 2006, 2007, 2008 and 2009 is approximately \$13.5 million and for the year ending December 31, 2010 is approximately \$11.5 million.

Connection Card Program

The Connection Card Program offers incentives to customers who gamble at Caesars casinos. Under the program, customers are able to accumulate, or bank, credits over time that they may redeem at their discretion under the terms of the program. The credit balance will be forfeited if the customer does not use the credit over the prior one-year period. The estimated incremental costs of the goods or services to be provided when the credits are redeemed, after consideration of estimated breakage, are expensed as the credits are earned. To arrive at the estimated costs associated with the credits, estimates and assumptions are made regarding incremental marginal costs of the benefits, breakage rates and the mix of goods and services for which credits will be redeemed. The Company uses historical data to assist in the determination of estimated accruals.

In December 2005, the Company changed the method of calculating its liability by applying a Harrah's company-wide method. This resulted in an increase to the liability of \$3.7 million. Of this amount, \$1.6 million was attributed to pre-acquisition balances and adjusted to purchase price. Of the remaining amount, \$1.0 million was attributed to a change in method and was charged as a non-operating expense. \$1.1 million was considered current operating expense and is included in Casino Expense.

The amount accrued for the costs of anticipated credit redemptions was approximately \$7.4 million as of December 31, 2005.

Fair value of financial instruments

The fair values of the Company's financial instruments including receivables, payables and debt approximate their recorded book values at December 31, 2005.

Investments in subsidiaries

The Company has an investment in Atlantic City Country Club reflected in the accompanying

financial statements using the equity method.

The Company previously had an investment accounted for using the equity method in GNOC Corp. which owned and operated the casino hotel resort in Atlantic City, New Jersey known as the Atlantic City Hilton. On September 27, 2004, GNOC, Corp. and Bally's Olympia, LP ("BOLP") entered into a definitive agreement to sell most of the assets and certain related liabilities of GNOC Corp. as well as the assets of the Company and certain other affiliates of CEI to Resorts International Holdings, LLC ("Colony") an affiliate of Colony Capital, LLC, a Los Angeles based international private investment firm, for approximately \$612,000,000 (see Notes 3 & 4). The transaction was completed on April 25, 2005. GNOC Corp. ceased to operate the Atlantic City Hilton as of that date. The investment in GNOC was transferred from Bally's Park Place books through CEI inter-company transactions utilizing the proceeds of the sale.

Allocations and transactions with related parties

The Company transfers cash in excess of its operating needs to HOC on a daily basis. HOC provides the Company with cash advances for capital expenditures and working capital needs.

Certain executive, administrative and support operations of the Company and other Harrah's affiliates are consolidated, including limousine services, advertising, sales and marketing services, purchasing and certain other administrative departments. Costs of these operations are allocated to or from the Company either directly or using various formulas based on estimates of utilization of such services. Management believes the methods used to allocate these costs are reasonable.

Harrah's allocates certain expenses to the Company, such as information technology, internal audit and risk management. These expenses are allocated using various formulas based on estimates of utilization of such expenses. Management believes that the methods used to allocate these costs are reasonable.

Accounting Pronouncements

In November 2002, the FASB issued Interpretation No ("FIN") 45, "Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of the Indebtedness of Others." FIN No. 45 elaborates on the disclosures to be made by a guarantor about its obligations under certain guarantees issued. It also clarifies that a guarantor is required to recognize, at the inception of a guarantee, a liability for the fair value of the obligation undertaken in issuing the guarantee. The initial recognition and measurement provisions of this Interpretation apply to guarantees issued or modified after December 31, 2002. Implementation of this Interpretation did not have a material impact on the Company's financial statements.

In 2003, the FASB issued FIN No. 46, "Consolidation of Variable Interest Entities." FIN No. 46 addresses consolidation of entities that are not controllable through voting interest or in which the equity investors do not bear the residual economic risks and rewards. These entities have commonly been referred to as special purpose entities. The Interpretation provides guidance related to identifying variable interest entities and determining whether such entities should be consolidated. It also provides guidance related to the interest in newly consolidated variable interest entities and

requires disclosures for both the primary beneficiary of a variable interest entity and other beneficiaries of the entity. Implementation of this Interpretation did not have a material impact on the Company's financial statements, as the Company does not have any variable interest entities.

Income taxes

Taxable income or loss of the Company is included in the consolidated Federal income tax return of CEI through June 13, 2005 and Harrah's thereafter. The Company provides for income taxes by applying the respective state and federal statutory rates to pre-tax financial statement income. The corresponding liability is credited to its corporate parent via other liabilities. Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes.

The Income tax provision for the period of December 31, 2005 is as follows

Casino Reinvestment Development Authority

The New Jersey Casino Control Act provides, among other things, for an assessment of licensees equal to 1.25 % of their gross gaming revenues in lieu of an investment alternative tax equal to 2.5 % of gross gaming revenues. The Company has satisfied this investment obligation by (i) investing in qualified eligible direct investments, (ii) making qualified contributions or (iii) depositing funds with the Casino Reinvestment Development Authority (the "CRDA"). Funds deposited with the CRDA may be used to purchase bonds designated by the CRDA or, under certain circumstances, may be donated to the CRDA in exchange for credits against future CRDA investment obligations. CRDA bonds have varying terms of up to fifty years and bear interest at below market rates. The Company records a charge to reflect the estimated realizable value of its CRDA investments.

An affiliate of the Company, Boardwalk Regency Corporation ("Caesars Atlantic City") has entered into an agreement with developers for the renovation of the Pier at Caesars, located on the boardwalk in Atlantic City and the construction of a new parking garage which opened July 1, 2005. The Company and Caesars Atlantic City entered into a credit agreement (the "Credit Agreement") with the CRDA to partially finance the construction of these projects. The Credit Agreement provides for funding from the CRDA for qualified development costs incurred. The CRDA funding will come from amounts either currently on deposit or to be deposited with the CRDA pursuant to the Company and its affiliates' investment obligations. As of December 31, 2005, the Company has received \$20,852 of previously deposited funds from the CRDA.

The twelve Atlantic City casino properties (the "AC Industry") and the CRDA have entered into an agreement with the New Jersey Sports & Exposition Authority (the "NJSEA") to provide funding to subsidize New Jersey's horseracing industry. In exchange for this funding, the NJSEA and the three active New Jersey racetracks will not conduct any casino gaming at the racetracks prior to January 1, 2009. As part of the agreement, the AC Industry will provide \$34 million over a four year period to the NJSEA and must deposit another \$62 million into the Casino Expansion Fund (managed by the CRDA). The \$62 million will be derived from funds either currently on deposit or to be deposited with the CRDA pursuant to each casino property's investment obligation. The Company's obligation is equal to its fair-share of AC Industry casino revenues. The Company estimates this commitment over the four year period to be a total of \$4,800,000, the first payment of which was made November 2004. The total estimated commitment will be charged to operations on a straight line basis through January 1, 2009. Once the Company meets its deposit obligation related to its fair share of the \$62 million, the Company is eligible to receive funds from the Casino Expansion Fund for qualified construction expenditures. The Company has until June 30, 2014 to submit an application to exhaust its share of the Casino Expansion Fund. Any funds not transferred out of the Casino Expansion Fund by the required date will be transferred to funds on deposit with the CRDA pursuant to its ongoing investment obligations.
